INSURANCE

1-61

(1) Every officer and enlisted man who enters the service will be advised that he is entitled to apply for one of the seven forms of Government life insurance (converted) within 120 days from the date of such entry. Recruiting officers and commanding officers may obtain supplies of blank forms of applications for insurance, reinstatement, and conversion, and rate books, upon application to the United States Veterans' Administration, Washington, D. C.

(2) When a newly enlisted or reenlisted man is taken up on the rolls, the company commander will, insofar as may be practicable, inform him once each month, up to and including the month in which the time limit elapses, of his right to apply for Government life

insurance. (See arts. 28-19 to 28-32.)

NAVAL VESSELS ASSIGNED TO MARINE CORPS

1-63

- (1) Officer in charge.—When naval vessels are in the custody of the Marine Corps, an officer with experience in seamanship if practicable will be detailed in charge. The officer so detailed will be held strictly responsible for the cleanliness, preservation, and operation of any naval craft under his charge. Adequate crews of qualified enlisted men will be detailed.
- (2) Inspection.—Frequent inspections of naval vessels in the custody of the Marine Corps will be made by commanding officers and inspecting officers, and all means adopted to insure that such vessels are kept in a creditable state of cleanliness and preservation.
